The natural wood, interesting architecture and abundant light in the Vallican Whole complement many different décor styles. There are hooks throughout the building's walls to hang your decorations, and two large ladders are available for your use. Lighting is abundant and dimmable, including three simple chandeliers in the main hall.

We ask that you do not add holes to the wall or bring in décor that may scratch or dent our sprung maple dance floor.

Outdoors:

The Vallican Whole is located on 7 acres of wild meadow and cedar forest in a quiet residential neighbourhood, 35 minutes from Nelson or Castlegar. There are two main meadow areas on the South and East sides of the building that are suitable for outdoor ceremonies, gatherings and games. A large cedar deck lines the East side of the building, and there is a rustic cedar archway available for use, which is movable.

Several outdoor spaces are suitable and accessible for setting up tents, hosting food trucks, and other vendor potential. There is easily accessible, safe power to the outdoor areas as well.

There are two outhouses located in a discrete corner of the South lawn.

Abundant parking in the front lot as well as the "parking lawn" – capacity for over 100 vehicles is possible.
